

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

FRYE NOT SUBJECT FOR PRIZE COURT

AMERICAN GOVERNMENT OBJECTS TO PRIZE COURT SETTLEMENT OF CASE.

GERMANY DENIES CLAIMS

Contention of Kaiser's Government That it Has Right to Destroy Contraband and Ships.

Washington.—By agreement with the German Foreign Office the State Department made public the text of the note sent on June 24 by the United States asking Germany to reconsider her refusal to settle by direct diplomatic negotiations instead of by prize court proceedings, the claim presented on behalf of the captain and owners of the American ship William P. Frye, sunk with her cargo of wheat by the commerce raider Prinz Eitel Friedrich. Ambassador Garard cabled that he had delivered the note. The American government declares that inasmuch as Germany has admitted liability for the sinking of the Frye under the treaty of 1828, prize court proceedings are unnecessary and not binding upon the United States.

As to the question of how indemnity should be paid, the note brings out clearly the refusal of the United States to accept the contention that Germany has a right to stop the carrying of contraband by American ships "by the destruction of the contraband and the ship carrying it." While no mention of submarine warfare was made in either the last German note or the present reply, occasion was taken to deny this right because of a belief that admission of it now might in the future be used as a justification for submarine attacks on American ships.

ZAPATA HOLDS MEXICO CITY.

Repulses Gonzales.—Carranza Reinforces.—City in Serious Way.

Washington.—Official dispatches sent by the British Charge d'Affaires at Mexico City by courier to Vera Cruz and from there cabled to the state department pictured conditions in the Mexican Capital as extremely critical.

The Zapatistas holding the city with a force estimated at nearly 25,000 men were reported by the courier to have repulsed a few days ago an attacking Carranza army under General Gonzales while General Carranza was dispatched all available men to reinforce Gonzales and continue the assault.

Thousands of persons in Mexico City are depending on the supplies of the International Relief Committee, which itself faces a food shortage. Fears are entertained in the city that aside from the famine the reinforcements sent to General Gonzales will cause him to carry the fighting into the Capital, endangering the lives of foreigners and their property.

State Department officials have taken no steps in the situation but details have been transmitted to President Wilson at Cornish, N. H. Officials are depending on the Brazilian Minister and others of the diplomatic corps to remove foreigners from the danger zones or arrange a truce for their exodus if the fighting is carried into city.

Investigation of Hazing.

Annapolis, Md.—An investigation was begun at the Naval Academy of reports of hazing and other mistreatment of fourth classmen. It was ordered by Rear Admiral Fullam, superintendent of the academy and is not connected with charges made before the court of inquiry investigating the examinations scandal.

King Constantine Convalescent. London.—A Reuter dispatch from Athens says that King Constantine, who recently underwent an operation, is convalescent and will within a few days be transferred to the Chateau de Decelles.

Asks Cessation of Violence.

Atlanta, Ga.—Governor Harris issued a statement to the people of Georgia asking that there "be an immediate cessation of all efforts at violence or riotous demonstrations" because of the Frank case. He asserted that he continued the martial law zone around the former governor's home because of representations of Adjutant General J. Vanholt Nash and Sheriff Mangum, of Fulton county, and added that the action of former Governor Slaton in the Frank case now is "past history."

Germans Cross Dniester River.

London.—Berlin reports the fall of the Galician town of Halicz and says the Austro-Germans have crossed the Dniester river, which means that the five days desperate rearguard action by the Russians has ended in their retirement. However, the stubborn resistance of this flank of the forces of Grand Duke Nicholas, undoubtedly has enabled him to reform his lines along the Rivers Bug and Stry without interference. The River San now takes the place of the Dniester as battle ground.

IMPORTERS ASK FOR MODIFIED EMBARGO

LAY THEIR CLAIMS BEFORE LANSING AND STATE DEPARTMENT OFFICIALS.

WANT UNRESTRICTED TRADE

Importers Say Blockade is Harmful and Claim Right to Trade With Germany.

Washington.—Pressure of a formal and organized character was exerted on the United States government to secure from Great Britain a modification of the embargo on all commercial intercourse between Germany and neutral countries.

Twenty members of a committee appointed by more than 1,000 American importers laid before Secretary Lansing and other state department officials a petition setting forth that Great Britain has "studiously avoided" answering the American note of March 30; that in the meantime valuable time has been lost in preparing for future business, and that the general effect had been harmful to the "long established trade of this country."

The importers pleaded for "an uninterrupted supply of American-owned merchandise whether the same has been paid for, contracted for, or may be contracted for" and the unrestricted right to ship non-contraband goods through neutral countries to or from Germany.

In a statement issued by the importers after their conference, it was revealed that Secretary Lansing had "expressed a determination on the part of both the president and himself to do all in their power to aid the importers in securing the rights to which they are entitled, to under the laws of nations and by treaty obligations."

The effect of the conference will not be apparent for several days.

Secretary Lansing took the facts presented by the importers under consideration and will communicate with President Wilson.

It has already been announced that the state department for many weeks has been preparing further representations to Great Britain asking for a modification of the so-called blockade. The president, however, has been unwilling to complicate the situation while the delicate negotiations with Germany were in progress.

HUERTA'S REVOLUTION STOPPED

United States Government Directs Detention of Movement.

Washington.—The United States government has frustrated for the present an attempt on the part of Gen. Victoriano Huerta and his associates to launch from American territory a new revolutionary movement in Mexico.

Detention of the former Mexican dictator with General Orozco and others at El Paso, followed nearly three months of espionage by government agents. The department of justice has instructed United States Attorney Camp of the western district of Texas to take into custody these men, who seemingly were engaged in violations of American neutrality laws which forbid the recruiting of men, purchase of supplies therefor, and the organizing of a military expedition on the soil of the United States to be used in operations against a people with which this country is at peace.

Mr. Camp was ordered to place before a grand jury at El Paso immediately all the evidence in his possession in order that indictments may be returned against any one guilty of an intent to violate American neutrality laws.

Frank Visited by Wife and Parents.

Milledgeville, Ga.—Leo M. Frank was visited at the prison farm here by his parents of Brooklyn, N. Y., and his wife. This was the first visit by members of his family since he arrived here after a secret trip from the jail at Atlanta.

Italy Prepares for Three Years.

Rome, via Paris.—Italian military authorities asserted that all the arms, ammunitions and explosives factories in the kingdom were working day and night, making ready for the possibility of a continuance of the conflict for three years.

Marconia An Aviator.

Rome.—Guglielmo Marconi of wireless fame, began his duties as a lieutenant of aviation in the Italian army. The inventor received an enthusiastic reception at the barracks.

Russians Driven Backward.

London.—The Russians again are retreating in Galicia, both north and south of Lemberg, and in Poland the Germans have launched another attack against Warsaw in the form of a drive from the north through Przasnysz. The new blow at the Polish capital has been preceded by a furious artillery action. The fact is recorded by the Russians themselves, but it is too early to say whether it means a serious offensive, the first clash having developed a bayonet encounter without decisive results.

BOARD SETTLES SCHOOL DISPUTES

O. CARR, WILMINGTON LAWYER-EDUCATOR IS AGAIN NAMED ON BOARD.

WAS VERY MUCH DISCUSSED

Samuel McHorney Appointed in Curriculum.—Politics and Personalities Not up in Hearing.

Raleigh.—Supt. J. Y. Joyner, as secretary of the state board of education, dictated the notification to J. O. Carr of Wilmington that the state board has reappointed him on the New Hanover county school board as the outcome of the bitter fight that has been going on since the recent session of the legislature and brought about the strenuous and in some respects sensational hearing before the board.

Asked about statements that had been made that Mr. Carr might resign from the New Hanover board after the fight was all over, Mr. Joyner expressed the view that there is no likelihood of any resignation and feels sure that Mr. Carr and his friends would realize that it would be unfair to the state board for him to retire after the board has taken the stand it has in his support and for the policies he represents as the chairman of the New Hanover board.

All the contests had their origin in factional differences, in which the senators and representatives were at odds during the last legislature. Senator Cooper of New Hanover strove for the appointment of Cuthbert Martin in the last General Assembly, and his bill was killed in the house. Representative W. P. Stacy, on the other hand, introduced a bill for the reappointment of Mr. J. O. Carr and Senator Cooper had this killed in the senate.

The Currituck contest came up when Representative Pierce Hampton introduced the name of Mr. Wilson Leary. Senator Walter L. Cohoon from Pasquotank county but the same senatorial district, made a counter speech and introduced the name of Mr. Samuel McHorney.

The Warren county difference came with the bill to appoint Mr. John S. Davis by Representative P. J. Macon and a counter move to appoint W. A. Graham by Senator Tasker Polk. The real difference in this case is over the election of a superintendent. It was no secret that this was the whole matter, it being held that Superintendent Howard Jones would lose out in the event of appointment of Mr. Graham, who would hold the balance of power in the board.

Surveying Shelby-Caswell Railroad.

Shelby.—Prof. W. C. Riddick and son, W. W. Riddick, and Prof. L. C. Mann of A. & M. College, Raleigh, arrived here and have commenced surveying a line for the proposed Caswell railroad to upper Cleveland. These gentlemen were engaged to do this work during the summer on a private subscription raised locally to ascertain definitely what it will cost to build the road. Outside capital has been slow to accept the \$120,000 voted in bonds for the 26 miles of standard road, so local men are having this survey made with the view to supplementing the bond money, if the cost does not appear more than they can afford, to build the road themselves.

New Dormitory for Caswell School.

Kinston.—The contract for the construction of the third dormitory at the Caswell Training School has been let. The building will accommodate 90 inmates. It will not be a part of the regular architectural scheme, but being for females of the lowest grade of intelligence, will be in rear of the semi-circle of buildings. Its cost will be \$12,000.

County Home Contract Let.

King.—The contract for the new Stokes County home has been let, the consideration being \$18,000. It will be erected on the old site and will be a brick structure, modern in every way. The new building will be supplied with running water from a nearby spring.

Conference at Black Mountain.

Black Mountain.—As the Young Men's Christian Association adjourns its annual meeting the thirteenth annual session of the Missionary Education Movement is ready to begin its session. The Blue Ridge Conference is held on the grounds of the Blue Ridge Association for Christian Conferences and Training, just two and a half miles from Black Mountain. The Robert E. Lee hall, which will be the scene of most of the activities, is now in condition for the reception of all the delegates.

Eleven New Veterinarians.

Asheville.—Eleven of the 14 candidates who took the examination before the state board of veterinary Medical Examiners passed the test successfully. The highest was made by R. S. Sugg, Rocky Mount. The other successful candidates were: T. E. Britt Mount Olive; W. C. Caldwell, Laurinburg; J. C. Freeman, Oklahoma; W. I. Hobbs, Clinton; M. M. Leonard, Asheville; J. I. Neal, Sanford; H. B. Nixon, Alabama; H. M. Pope, Durham; W. H. Rinehardt, Rowan, and B. C. Talley, Statesville.

Our New Semi-Automatic Telephone System

Now in use in the city is ten years ahead of the times. Here is how it behaves: As soon as the operator understands the number you are calling you will instantly hear in your receiver the first ring. If your party does not answer this ring you will hear each subsequent ring every nine seconds. You are thus able to ring your party as long as you desire by simply waiting. If the line you are calling is busy you will instantly hear the hum of the busy signal. If you want to call a second number, one motion of the receiver hook will bring a sure response from the operator.

No loss of time. No "butting in" on your connection by the operator. No danger of being shot in the ear by the ringing current. No eavesdropping by the operators. 1550 subscribers. Give us your order for a telephone today.
